

And Jesus, when he came out, saw much people, and was moved with compassion toward them, because they were as sheep not having a shepherd: and he began to teach them many things.

Family Resource Council's Mary Szoch has added her voice to urging courage to Pro-Lifers and Candidates for Pro-Life to boldly articulate that they will stand for LIFE and not back down. She states that it is not a discussion about health care or women's rights. Mothers and babies are what it is about and an abortion industry preys on them. The abortion giants like Planned Parenthood charge for the abortions, the Federal government funds them, and many charities, using the term loosely, support them under the guise of "health care for women" when less than 2% of their care is for any health care. Then Planned Parenthood dismembers and dissects babies' organs and skin and sells them. —Life Advocacy Briefing-April 8, 2024
