Pope John Paul II in 1996 said, "A nation that kills it's own children is a nation without hope." Only God can determine when we are born and when we will die. We need every Diocese in the US to address how evil abortion is and defend life from natural birth to natural death, not just one month of the year, but all year. Pope John Paul II, n/k/a St John Paul II also stated that "those in society who are in charge of schools must never forget that the parents have been appointed by God himself as the first and principle educators of their children and their right is completely inalienable." —*Diocese of Laredo.org*
